HERITAGE

In February 1971 The Mt Isa Mines Employees' Credit Union Limited commenced operation as a service to the employees of Mt Isa Mines and its related companies.

During the 80's and 90's Queensland Country capitalised on its early success by firstly expanding Membership eligibility and branch locations to residents in North Queensland then later throughout the state. This expansion came with a name change to North Queensland Credit Union Limited and subsequently Queensland Country Credit Union Limited. Along with the increase in branches throughout the state, the diverse range of products and services available to Members followed.

In June 2005, Queensland Country Credit Union Limited merged with South East Community Credit Society Ltd. creating an expanded and more convenient branch network and enhanced products and services.

On 1 April 2017 Queensland Country Credit Union Limited merged with ECU Australia Ltd (ECU). The merger is a perfect match both organisations who have had a strong reputation in North Queensland for their personal service, community support and fairer approach to banking.

OUR CULTURE

At Queensland Country we like to keep things simple. We're an independent, Member owned organisation. We provide a full range of competitive financial services. And we are committed to showing our Members how much we value them.

Our Members are the most important visitors to our premises, online banking channels, and Contact Centre. After all, they are part-owners in Queensland Country. When you join Queensland Country, you purchase one Membership Share. That means you become a part-owner and get to use Queensland Country for all your savings, loans and other financial products and services that we provide. Members are also entitled to vote in the election of the Board of Directors who set the operating policies for Queensland Country as well as supervise the performance of the organisation. Entities which hold a deposit account under section 79 of Queensland Country's constitution, or are under 18 years of age are not entitled to vote.

With 21 branches stretching from as far north as Weipa, west to Mount Isa and south to Stanthorpe, we love looking after our fellow Queenslanders.

VALUES AND PRIORITIES

The mission of the Directors and staff at Queensland Country is that we are the best people to be banking with.

Our key objectives are:

- to deliver the highest quality products and services to help our Members fulfil their financial needs
- to provide a positive, friendly working environment where staff feel highly valued and are able to meet their career aspirations
- to contribute strongly to the community as a responsible, highly ethical corporate citizen
- to be a significant contributor to the Queensland Country movement and its ideals
- to maintain a strong level of financial performance to enable us to achieve our goals

STRENGTH AND SECURITY

Our strength and financial security are derived from our diverse asset base.

At any time, around 90% of savings deposited with Queensland Country are loaned back to Members through personal, home and investment loans. Our spare funds are invested conservatively. These are mainly in deposits with large regulated Australian Financial Institutions. Queensland Country does not invest in the stock market or overseas.

Credit Unions are regulated by the same government regulator as the major banks - the Australian Prudential Regulation Authority (APRA). APRA's supervision is designed to minimise the chance that a Financial Institution will be unable to meet its obligations to depositors. Credit Unions, Banks and Building Societies must all comply with the same set of APRA rules (known as Prudential Standards). Queensland Country complies with all Prudential Standards and are in a strong and stable financial position.

COMMUNITY GRANTS AND SPONSORSHIP

Queensland Country is committed to making a real difference in the lives of our Members, our people and in the communities where we operate. One of the most valuable ways we achieve this is through financial assistance to community organisations by way of sponsorships and our Community Grants Scheme.

SPONSORSHIPS

Queensland Country provides sponsorship support for a wide range of activities and groups that offer a tangible benefit to the community and encourage active participation in local events.

Sponsorships allow Queensland Country to proactively support community events and be recognised for our positive contribution to the community. We understand and acknowledge that grass-roots organisations and events play a major role in the development of a community, and we try to become actively involved in these activities wherever possible.

As a result, an event sponsored by Queensland Country is likely to benefit the community group / event in the following ways:

- financial support
- ongoing assistance
- higher awareness for the group / event due to Queensland Country's involvement
- flow-on positive effect to the wider community due to increased stability / success of a sponsored event
- assistance in-kind, such as expertise, financial or banking services

As a Queensland based organisation, we focus on providing sponsorship in every area that our branches lie, from as far north as Weipa, west to Mount Isa and south to Stanthorpe.

COMMUNITY GRANTS SCHEME

Each year Queensland Country provides funding for not-for-profit groups across Queensland as part of our Community Grants Scheme. This scheme supports groups in our branch areas for a wide range of activities, facilities and services that offer tangible and sustainable benefits to the community, and encourage active participation in these local communities.

We understand and acknowledge that community groups play a large role in the development of a community, and that it can be difficult for these small organisations to self-fund activities and services. Queensland Country aims to offset costs or fully fund projects that improve the lives of our Members and the communities in which they live, and that are deemed to be widely beneficial to the community. This assists local groups to develop and expand their activities and reach within their community. Our Community Grants are provided for programs in the areas of:

- Arts, culture and heritage
- Sport and recreation
- Education
- the environment
